## SKILLS

### TECHNICAL SKILLS

- Programming: Java
- Web: HTML, CSS, Javascript
- Database: MySQL, SQL
- Data Analytics: Power BI, Excel, Pandas, NumPy
- API & Testing: Postman, Rest Assured, TestNG, TDD, BDD
- Tools: Git, GitHub, REST APIs

### CORE SKILLS

- Effective Communication
- Team Collaboration & Coordination
- Time Management & Prioritization
- Leadership & Responsibility

---

## PROJECT

### EDU-TRANS: Intelligent Transportation Management System

- Developed a Flutter-based smart transportation system for academic campuses with real-time bus tracking using GPS and Google Maps API. Designed a QR-based attendance system and digital seat allocation to prevent overcrowding. Built multi-user modules (Student, Driver, Parent, Admin) using Firebase, improving transport efficiency, safety, and real-time communication.

### Web-Based Text Analytics & Font Detection System

- Developed a Python-based OCR system for extracting and analyzing text from images. Implemented font detection and text recognition features, improving accuracy through optimized processing techniques.

### Data Analytics Projects

- Built an interactive HR dashboard using Power BI and performed sales data analysis using Python (Pandas, NumPy), generating actionable insights for data-driven decision-making.

---

## INTERNSHIP

### Web Development Intern – CodeBind Technologies

- Developed Online Course Management System using HTML, CSS, PHP, MySQL
- Built responsive UI and integrated backend database
- Collaborated with team to deliver project on time

---

## CERTIFICATION

- Oracle Cloud Certifications: OCI 2025 Generative AI Professional, AI Foundations Associate, Data Platform Foundations Associate
- Infosys Certifications: Python, Java, Cloud Computing, Machine Learning, Frontend Development
- NASSCOM: Cybersecurity, UiPath (RPA)
- FITA Academy: Master Program in Data Analytics
- Intellipaat: Advanced Excel
